### SHORT FILM PRODUCTION

By entering this short course, you will receive the basic training in filmmaking.

Write your own screenplay, know and learn about the basic use of camera, lenses, lighting, and audio recording devices. Dig the basic theories of editing and apply them. All of this training will be using the latest equipments and softwares from the film industry.

This short course will run for 6 weeks with 2 classes in each week.

#### WHO SHOULD TAKE THIS COURSE?

The course is intended for everybody who wants to get basic skills in filmmaking.

#### YOU WOULD BENEFIT FROM THIS COURSE IF:

- You want to learn how to write script, direct, and shoot your own video based on industrial standard.
- You want an edge on your existing production techniques.
- You are passionate about video production.

### LECTURERS

Dewi Alibasah, Damas Cendekia and Resha Perkasa.
