MOTION GRAPHICS

Motion Graphics is a versatile skill in the creative industries, that can be applied to a range of sectors such as design, advertising, multimedia, animation, games or film. The industry is demanding more and more motion designers.

Our course is designed to teach the fundamentals of Motion Graphics. You'll get hands on with the industry standard software Adobe After Effects working on projects such as typography and basic character animation to develop your skills.

You'll be taught by industry professionals using the tool in their day to day job roles, meaning you'll learn real life tips on the software and to industry standard.

Basic graphic design skills is required to enter this course.

LECTURER

Adi Blak, One of the Best Motion Designers dan VJs in Jakarta, co-founder of the award-winning Vulture Syndicate.
