

WELCOME TO THE WORLD OF ANIMATION, VISUAL EFFECTS AND ENTERTAINMENT. MAKE YOUR DREAMS COME ALIVE BY BRINGING THE WORLD IN YOUR HEAD TO LIFE.

ANIMATION

COURSE OVERVIEW

Undertake the Bachelor of Animation at SAE and build expertise in all facets of animation.

Students will develop fundamental skills and knowledge in this exciting industry in areas such as 3D modeling, character animation, rigging, textures, project management, teamwork, lighting, rendering and compositing.

Developing a solid understanding of these areas provides students with a solid foundation and context for further study before exploring in detail the specialist areas.

During their time at SAE, students will learn on industry-standard software such as Maya, Autodesk 3D MAX, and the Adobe Creative Suite.

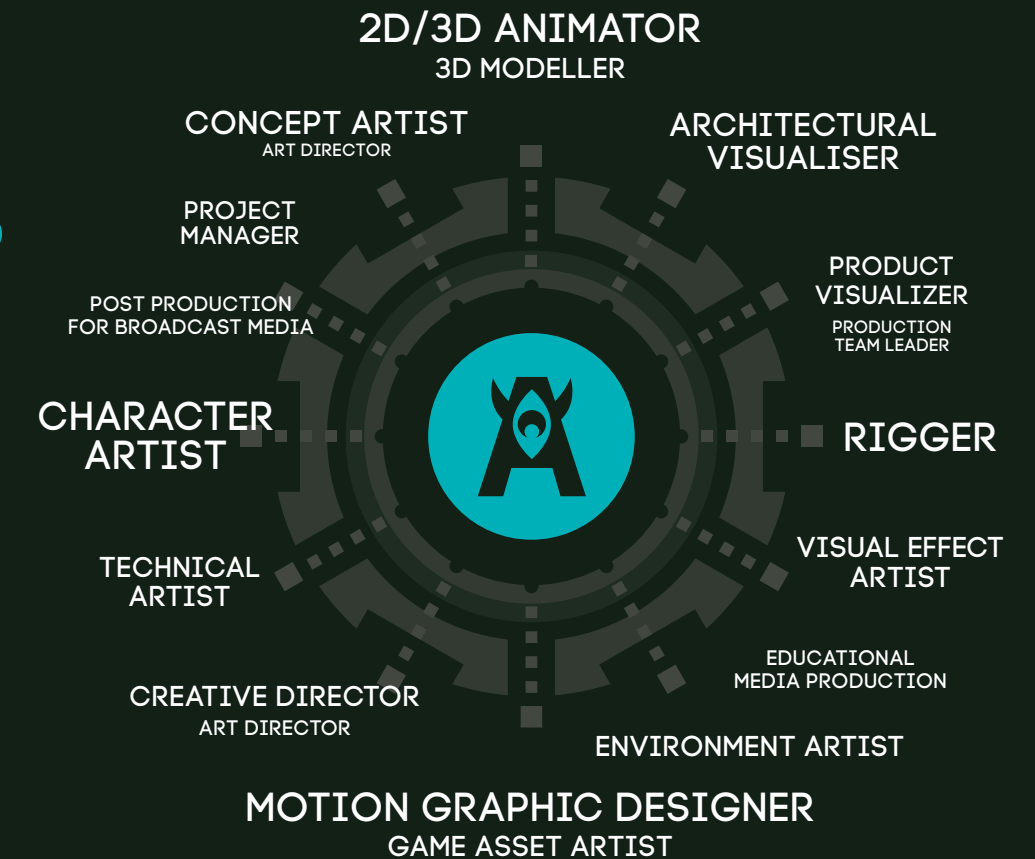

Students will undertake specialised units designed for students to participate in real-world projects under the guidance of expert SAE staff. Through this unique teaching style, students will demonstrate their skills and technical knowledge in a collaborative and creative studio-based learning environment.

ALUMNI

I really like the SAE curriculum which is very concentrated and focuses on what is important. The concept of learning in small groups helps a lot and makes it a very effective learning experience.

ANNABEL ANGELICA DJAMARDI
PATHWAY STUDENT

SAE has the right curriculum for the animation field. In Australia we collaborate with majors in games, films, audio and so on. We also learn a lot of software like Unreal, Houdini and Nuke. Studying experiences in Indonesia and Australia are both fun and have their own advantages!
